Charger Theme Instructions

When you receive your Charger item:

1 – Unlike the other themes, the Charger theme does not have to be worn or placed on your body to work with the Healing Codes. Simply be present with it as you perform the instructions below.

2 – Amplify your Healing Codes:

- Place either your left or right hand upon the symbol of the item. Amplification works on a scale from 0 - 100%. You can also reverse amplify your apparel as well.
- With your hand upon the symbol, say the following below verbatim (word for word exactly):
 - “Charger, **increase** your amplification by *(desired)* percent. Apply.”
 - Or, “Charger, **decrease** your amplification by *(desired)* percent. Apply.”
 - Or, “Charger, reset your amplification to 0 percent. Apply.”
- When you amplify your item, take a few moments to feel the energy of the Healing Codes around your body. Some may feel this, some may not, but nonetheless, the Healing Codes are working on your body.
- You can also turn the Healing Codes within the symbol off or on. Say the following below verbatim (word for word exactly):
 - “Charger, turn healing codes off. Apply.”
 - Or, “Charger, turn healing codes on. Apply.”
